**BELLA BROTHERS CONSTRUCTION, INC NAMED TO 2011 *QUALIFIED
REMODELER TOP 500***

Aug. 23, 2011 (Arlington Heights, Ill.) – Bella Brothers Construction, Inc has been named to the 2011 Top 500 list of remodeling firms by *Qualified Remodeler* magazine. The annual list is published to recognize remodeling firms for six criteria of success: sales volume, total number of years in business, association membership, certified employees on staff, industry awards and community service. Each company submitted a letter or audited statement from its CPA to verify its 2010 total volume of sales.

The annual Top 500 list appears in the August 2011 issue of *Qualified Remodeler* and on the magazine's website, www.qualifiedremodeler.com. Top 500 remodelers also will be recognized during an awards banquet on Oct. 12 in Chicago.

Founded in 1975, *Qualified Remodeler* magazine was the first magazine dedicated to serving the residential remodeling market. The magazine, which provides leading-edge information to help remodelers remain competitive in a changing economy, is published by Cygnus Business Media and serves an audience of more than 83,000 residential remodeling firms nationwide.

Dear Tom Denicola,

I can't say enough about how pleased my family and friends are with our completed demo and kitchen remodeling job on our Fish town home. When we first met, you will recall me telling you that I had searched for the RIGHT contractor for our job for at least 2.5 years and that I came close to signing with 2 other contractors but still had an "uneasy" feeling so I couldn't pull the trigger (much to my wife's chagrin!). Before signing with Bella, I shared my concerns and ideas with you and you worked until all my concerns were addressed. Thinking back, I am amazed that you spent a solid 7-8 hours face-to-face with my wife and I before we even signed the contract. You had made an investment in us and we, in turn, invested in Bella Brothers. It turned out to be a Win-Win relationship!

The Bella Brothers workers were first class professionals and the fact that the project was completed "on time and in budget" given the scope of the project is a testament to you and the rest of the Bella Brother's Team's years of knowledge and experience. The helpful suggestions and accents that we collaborated on together have made my kitchen truly unique. In fact, we've had union carpenter friends over to our home and they commented on how clean the angles are on all the woodwork. We also have a friend who cleans houses on the Main Line and when she saw our kitchen she commented that she hadn't seen anything like our kitchen in all the homes she had been in. As you will recall me mentioning that our Annual Crab Fest party had been previously suspended by my wife for the prior two years until we were able to have a true "entertaining kitchen" and that we were so impressed with the Bella Brother's Team's effort and excited with our finished results, that we invited you and several of the key project Team members to our Crab Fest weeks after the job was done so that each of them could personally see the looks on the faces of our guests when they saw the "transformation" of our kitchen.

I tell my friends and co-workers if they want the job done right to call Bella Brothers. I suspect you may have heard from some of them already. Attached are before and after pictures of our project so you can post them on your website and show future clients. With advance notice, we would surely be willing to have you and any prospective Bella Brother's clients visit our home to see the quality of the work first-hand and to provide a personal reference.

It was an honor and a pleasure working with the Bella Brother's Team.

In sincere gratitude and appreciation,
Carl and Kristen
